

# 1 INTRODUCTION

## 1.1 Background

Tepa Engineering Service, LLC (Tepa ES) has been tasked by IMEG to provide pavement section recommendations for the Garesche Avenue project. The City of Jennings wishes to improve the roadway by constructing reconditioned pavement, new curb/gutter, and new sidewalks. The City wishes to perform certain construction items with their crews. These items include milling and surface paving.

## 1.2 Location

The project site is located in the City of Jennings, Missouri (Figure 1-1). Garesche Avenue is located just north of Interstate 70. The project limits are Janet Avenue to the northwest and Wilborn Road to the southeast (Figure 1-2)
